State Measures State Plan Development TSD - Outline 6 15 15.docx

Hi Jeremy,

Thanks for sending me your draft outline. I made a few comments in the attachment. I also added Denise so she can see this outline ahead of our 3pm meeting.

In general I think this outline looks excellent and it should cover what we need in a TSD. I think just laying out the steps of this methodology will be helpful for states, so going into excruciating details for the prose version isn't necessary. I understand this is a big task ahead over the next few days.

Confidential

Robyn,

I'm attaching a first draft outline for the state measures state plan development TSD. This is based on a conversation between myself, Patrick and Nidhi this morning, but may not fully capture it. We're looking forward to talking at 3pm. Patrick may or may not be able to join us then. We'll aim for refinements and tasking this out to get it done in a timely fashion. It's a big haul.

Cheers

-Jeremy
